Prices effective 4/1/11.

Nicolock reserves the right to adjust prices with 30 days notice.

Nicolock retains the right to change any prices or information due to human errors or omissions.

Prices do not include any applicable sales tax.

No discounts allowed on delivery charge or wooden pallet charge.

All prices shown are FOB Stocking Location. Please call Nicolock for applicable freight rates.

\$15 section charge for less than full pallet quantities (where permissible)

Returns are subject to a 20% restocking charge. No opened pallets will be accepted.

Custom orders are subject to a deposit with the order. Custom orders may not be cancelled once manufactured. Additional quantities that may be required after a custom order is manufactured may incur a set up charge.

Delivery Notes

Please contact Nicolock for delivery quotes. Delivery charges are based upon estimated roadway distance rather than direct line distance.

Fuel surcharges may apply and are the responsibility of the purchaser.

Direct to jobsite deliveries will incur additional charges.

Delivery charge is based upon full bundle or part bundle. Full truckload quantity 1,600 - 1,900 SF dependent upon product type.

Minimum delivery to yard or jobsite is 10 bundles. Deliveries of less than 10 bundles to yard or jobsite will be charged at applicable 10 bundle rate. Split deliveries are subject to a \$50 drop off charge. Delivery delays will be charged at \$100 per hour after the first hour (prorated at 15 minute intervals unless previously arranged). All jobsite deliveries made to curb line only. Drop offs beyond curb line are the responsibility of the purchaser.

Product Notes

Claims for defective material should be made prior to installation of material. Unacceptable material must be available for inspection by a Nicolock representative.

Final selection of colors or blends should be made from actual samples.

Efflorescence is a whitish deposit that may appear on the surface of the product. This is a normal occurrence with concrete products and will dissipate with normal weathering. It does not affect the structural integrity of the product and is not cause for rejection. Materials installed on a cementitious base may have an increased occurrence of efflorescence.

For best results on all paving stone installations, pavers should be installed section-by-section, top to bottom from several bundles simultaneously.

Nicolock Lifetime Warranty

Nicolock provides a limited, lifetime warranty to the original purchaser on the structural integrity of its manufactured product line used in residential applications.

Nicolock products installed in accordance with installation guidelines and industry standards that are deemed defective will be replaced without cost.
